

The European Emission Trading System

Maastricht (NL), 7-8 June 2010

European Institute of Public Administration
Institut européen d'administration publique

Introduction

Target Group

Officials from central and regional ministries and/or other authorities dealing with emission trading issues as well as managers from public or private enterprises.

Content

This two-day seminar will deal with the revised European Emission trading scheme. Next to presenting the content, principles, and the revision of the scheme, the programme also includes presentations on relevant issues like security, carbon leakage and the ETS's link with eco-taxation and renewable energy instruments.

Method

The seminar will use a mixture of training methods. The lectures are given by EIPA experts, Commission officials and Member State representatives. The speakers will have different backgrounds so as to provide a variety of views and perspectives.

Objectives

The seminar aims to give participants a comprehensive understanding of the revised Emission Trading System.
